**Change in polling place for Township residents living in the Central Lake School District -**

In the Tuesday, May 8, 2007 school elections, Torch Lake Township residents who also reside in the Central Lake School District will vote in the Torch Lake Township hall, not in Central Lake as they have in the past. Township residents in the Elk Rapids School District will continue to vote in Torch Lake Township. In other words, all of our voting residents will be voting in our own polling place, the Township Hall, for all elections.

**ROAD IMPROVEMENT PLANNING . . . . . *From George Parker***

If you've missed our Board meetings, articles in a local newspaper and our Township newsletter, you may be unaware of the road improvement program that the Board has approved for 2007. Here's an update for you.

Last summer, two Board members and two citizen volunteers surveyed all ninety-one of the Township's public and private roads. They then prioritized the condition of our thirty-one paved public roads. The Board then obtained cost estimates from the County Road Commission for the "best fix recommendation" for the worst thirteen of the thirty-one paved roads. Total Township cost for all thirteen roads was estimated at \$286,540, reduced to \$238,722 if Milton Township could pay its half of Erickson Road.

Lacking the funds to repair all thirteen roads, the Board agreed to increase the "normal" annual General Fund allocation from \$25,000 to \$36,021, add it to the \$37,247 carried over from the 2006 fiscal year and repair the following nine roads in the 2007 fiscal year:

<u>Road</u>	<u>Improvement to be Made</u>	<u>Total Cost</u>	<u>Township Cost</u>
Public Dock Road	Add 1½" new asphalt & rebuild shoulders	\$13,529	\$10,120
Thiery Circle	Add 1¾" new asphalt & rebuild shoulder	\$19,836	\$14,740
Servers Drive	Add 1¾" new asphalt & rebuild shoulders	\$30,255	\$23,408
McLachlan Road	Seal cracks with hot mix asphalt		
Creswell Road	“ “ “		
Golden Beach Road	“ “ “		
Bay Colony Road	“ “ “	\$50,000	\$25,000
Fisher Drive	“ “ “		
Baker Street	“ “ “		
	<b>Totals .....</b>	<b>\$113,647.....</b>	<b>\$73,268</b>

It's pretty obvious that even if we were able to repeat the \$36,000 allocation every year we won't be able to keep our roads maintained! In fact, our worst road, Birchview, would require \$107,119 to rebuild in 2007. The next worse road, Erickson road, was estimated at \$95,637. We would cost share Erickson road with Milton Township at \$47,818 each, if Milton could pay its share and we could do it in 2007. These roads will cost even more in subsequent years.

The County Road Commission keeps reducing their "cost share" citing higher road building costs, coupled with reduced funding from the State. The cost of oil driving up the cost of asphalt while at the same time driving down gasoline tax revenues. Is there a solution?? . . . Not an easy one, and not in time for summer 2007.
