Before you begin filling out this form.....

Read through the **"Guidelines - Appeal Application"** included with this appeal form. We are strict about compliance with these guidelines because they help us to better understand your request. Failure to accurately complete this form WILL RESULT in a delay to this process. If there is any part of the guidelines or application that you do not understand, do not hesitate to contact the Zoning Administrator with your questions(s). Because it is unusual for an applicant not to have questions before completing this form, we recommend that you start this process as soon as you know you will be seeking an appeal. If a question does not apply to your request, mark the form N/A. Add extra sheets as necessary to explain the request.

4. Zoning Variance

The ZBA shall have authority in specific cases to authorize one or more dimensional or "non-use" variances from the strict letter and terms of this Ordinance by varying or modifying any of its regulations or provisions so that the spirit of this Ordinance is observed, public safety secured, and substantial justice done. Use variances shall be prohibited. A dimensional or non-use variance allows a deviation from the dimensional (i.e., height, bulk, setback) requirements of the Ordinance. The ZBA may grant a requested "non-use" variance only upon a finding that practical difficulties exist. A finding of practical difficulties is when the applicant has demonstrated all of the following:

- A. Strict compliance with restrictions governing area, setback, frontage, height, bulk, density or other non-use matters, will unreasonably prevent the owner from using the property for a permitted purpose or will render ordinance conformity unnecessarily burdensome.
- B. The variance requested is the minimum variance needed to provide substantial relief to the applicant and be fair to other property owners and be consistent with the spirit of the ordinance.
- C. The need for the variance is due to unique circumstances peculiar to the property and not generally applicable in the area or to other properties in the same zoning district.
- D. The problem and resulting need for the variance has been created by strict compliance with the Zoning Ordinance, not by the applicant or the applicant's predecessors.

5. Variance request details including reasons for the same.

- A. State in detail the variance from the zoning that you are seeking. Reference that part of the zoning ordinance to which your request applies.

THE ZONING ORDINANCE STATES A 50' SET BACK FROM THE R.O.W. OF US31
THE HISTORICAL BUILDING IS IN THE SETBACK

- B. State, in detail, the reason(s) for the variance. Include any and all scale drawings and other information necessary to understand the request. (Use additional pages if necessary).

I BUILT A 3' OVERTHANG (ROOF) 11.5' WIDE OVER THE EXISTING FRONT DOOR TO PROTECT PEOPLE COMING & GOING FROM THE BUILDING + PROVIDING A LITTLE SHELTER FROM RAIN, SNOW + ICE WHILE ENTERING OR EXISTING THE MAIN (FRONT) DOOR OF THE RESTAURANT.

- C. State in detail how you believe you satisfy each of the following four criteria. All four conditions must be met in order to receive a variance.

1. Strict compliance with restrictions governing area, setback, frontage, height, bulk,

density or other non-use matters, will unreasonably prevent my use of the property for a permitted purpose or will render ordinance conformity unnecessarily burdensome, because:

THE EXISTING HISTORICAL BUILDING IS ALREADY WITHIN THE SETBACK AS IT WAS BUILT PRIOR TO THE R.O.W. BEING ESTABLISHED. THE 3' CANOPY PROTECTS PEDESTRIANS FROM SNOW, ICE + RAIN.

2. The variance I am requesting is the minimum variance needed to provide substantial relief and be fair to other property owners and be consistent with the spirit of the ordinance, because:

3' EXTENDED OVER FRONT DOOR IS MINIMAL NEEDED FOR MINOR RELIEF, PROTECTION, + PRACTICAL SAFETY OF GUESTS.

3. The need for the variance is due to unique circumstances peculiar to the property and not generally applicable in the area or to other properties in the same zoning district, because:

THE HISTORICAL BUILDING IS EXISTING AND THERE WAS NO WAY TO EXTEND OR OFFER PROTECTION TO GUESTS OTHER THAN EXTEND 3' PAST THE EXISTING DOOR FRONT.

4. The problem and resulting need for the variance has been created by strict compliance with the Zoning Ordinance, not by myself or my predecessors, because:

THE 150' R.O.W. IS EXTREME AND THE EXISTING BUILDING WAS ALREADY BUILT. PROTECTION, EVEN MINOR, NEEDS TO BE PROVIDED TO GUESTS ENTERING + EXISTING BUILDING. THE TOWNSHIP NEEDS TO REALIZE THIS NEED IS FOR SAFETY + PROTECTION.

6. **Zoning Ordinance Interpretation/Appeal of Zoning Administrator's Decision** [Not for use with variance appeals]. Be sure to include the following information:

- a. Zoning Ordinance Chapter(s), Title(s) and Sections that are in question.
- b. Detailed explanation and history of request.
- c. Clearly stated explanation of what you believe to be incorrect or open to interpretation.

A. ZONING CALLS FOR 50' SETBACK ON TOP OF
75' R.O.W. SETBACK
B. THE EXISTING HISTORICAL BUILDING IS WITHIN
THE 50' ADDITIONAL SETBACK PLACED ON BUILDING
C. THE BUILDING IS NON-CONFORMING ALREADY

The applicant(s) agrees and certifies that the information supplied in this application is accurate and true. This includes any additional material introduced before a final decision related to this appeal is rendered by the Zoning Board of Appeals. The applicant(s) understand that they are solely responsible for all material submitted. The Zoning Board of Appeals will be held harmless for any decision or finding based on inaccurate information or documents which do not include all pertinent information or which do not truthfully or fully represent the facts and conditions related to the request.

Further, it is understood by the applicant that, in signing this application form, he/she is allowing reasonable access to the property to which this application applies for both initial inspection(s) and subsequent/final inspections to ensure compliance. Please make sure all property lines are clearly marked and if on Grand Traverse Bay, the Ordinary Highwater Mark (OHWM 580.5') is staked. In addition, if the applicant is not the owner of the property, he/she must have permission, in writing, of the owner to carry out the application requirements of the variance request. The owner's written permission is to be included with this application.

Return this completed form to the Zoning Administrator at least 45 days prior to the scheduled hearing.

Be Aware.....

Zoning permits issued by the Torch Lake Township Zoning Administrator and zoning variance requests approved by the Torch Lake Township Zoning Board of Appeals for properties located in Torch Lake Township are not to be construed to be the only necessary permits for the intended activity in Torch Lake Township. Property owners are responsible for determining and obtaining from the various governmental agencies all necessary permits for the intended activity. These may include county permits covering soil erosion, building, wetlands and county road access. State of Michigan permits may include wetland permits, high-risk erosion permits for properties along Lake Michigan, critical dune permits and various permits associated with commercial development. An Army Corps of Engineers permit may be required for activities that effect wetlands along Lake Michigan. The coordination of such permits is also the responsibility of the property owner. Torch Lake Township is not responsible for any other such permits.

SITE PLAN DRAWING REQUIREMENT:

To the Applicant: Provide a drawing that shows the dimensional variation from zoning that you are seeking. Members of the ZBA, because of their experience, may have a more conforming, and often better, way for you to obtain the variance sought. To do this requires, what may seem to you, more information than you feel is needed. When done with the drawing, you might show the drawing to the Zoning Administrator for his/her input. Incomplete or lacking information can result in delays.

The property shall be staked to show the property lines and the construction that the variance request is associated with. By signing this application, you agree for the ZBA members, staff, and representatives to access the property to review the request. When on the property, the ZBA members are not able to discuss the application or request with property owners or neighbors.
